DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 27-30, 35-38, 40, 42 and 44-48 are rejected under 35 U.S.C. 102(b) as being anticipated by McGraw et al. (5,368,823). This rejection was previously applied to claims 27-20, 35-38, 40, 42 and 44-46 and remains in effect. Please see Response to Arguments below.

Response to Arguments

3. Applicant's arguments filed 1/5/2006 have been fully considered but they are not persuasive. In traversing the rejections made by the Examiner, applicant has argued that McGraw doesn't teach a vial having a solid support on a single frit and does not connect directly to the bulkhead.

The Examiner respectfully disagrees on both counts. The claims containing the "single frit" limitation use comprising language. Therefore, the second frit does not preclude the device of McGraw from anticipating the instant claims. McGraw shows a solid support directly above a single frit. There could be an infinite number of frits above the solid support in the vial but, given the claim language, McGraw still shows a solid

support directly above a single frit. Therefore, McGraw meets this limitation. As to the vial connecting to the bulkhead, the Examiner again directs applicant to Figure 5 which shows the Luer fitting (#15 having dotted lines) extending through the bulkhead (16).

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dwayne K. Handy whose telephone number is (571)-272-1259. The examiner can normally be reached on M-F 8:00-4:30.
